## Tentative Schedule of Membership Meetings for 2025

(dates and speakers may change – check the LGA website for the most current information)

**January 1** – No meeting this month

**February 5** – 9:30 am @ LKG Baptist Church, Coffee Meet & Greet with R. Josh Simpson and a representative from Dominion Energy to make a presentation on The American Eel Working Group

**March 11** – 9:00 am @ LKG Lions Club, Joint LGA and Lake Gaston Weed Control Council (LWCC) host the Pete Deschenes Lake Gaston Stakeholders Board, coffee/snacks and lunch provided for attendees

**April 2** – 6:00 pm Dutch Treat Supper (location TBD), Jessica Baumann w/NC SU, 2024 Vegetation Survey Results and Treatment Plans

**May 7** – 9:30 am @ LKG Baptist Church, Representatives from Smith Mountain Lake Association and/or Lake Anna Civic Association, Topic: Harmful Algae Blooms (HAB)

**June 14** – Saturday - 9:30 am @ LKG Baptist Church, Annual meeting, Coffee Meet & Greet, Panel discussion, Responsible Wake Surfing

**July 2** – No meeting this month

**August 6** – 6:00 pm Dutch Treat Supper (location TBD), Topic: Meet our LGA Partners

**September 3** - 9:30 am Field trip to Kerr Reservoir Environmental Center

**October 1** - 9:30 am @ LKG Baptist Church- NC Wildlife Resource Commission, Lake Gaston Fishery

**November 5** - 9:30 am @ LKG Baptist Church - Sheriffs Forum and the John 3:16 Center Toy Drive kick-off

**December 3** - 6:00 pm Dutch Treat Supper (location TBD) - Toy Drive Wrap-up and LGA Annual Review

## *President's Corner...*

**REELIN' IN THE YEARS, STOWING AWAY THE TIME\* ....**

Winter at Lake Gaston provides some impressive lake views but has us looking forward to warmer springtime weather.

How time flies! Here it is 2025 and we start a new year.

The Lake Gaston Association is 35 years old and still going strong. Many different folks have volunteered over the years and worked hard to keep Lake Gaston a wonderful place. We honor their legacy by continuing their efforts, conserving the lake environment, engaging our members, and building relationships with community and government organizations.

This year our association will continue and build on our past work while raising awareness and working with our partners to address important issues. As individuals we can only do so much. But together as an association, we are much stronger. Collaborating with our partners, such as the Weed Control Council, the Stakeholders Board, and the Water Safety Council, we can maintain the quality of life that we so dearly enjoy here at Lake Gaston.

Join us. Volunteer to help with an event, as a committee member, or as a leader. Together we can keep Lake Gaston a great place to live, work, and play.

\*Steeley Dan, can't buy a thrill, 1972

## **LGA Monthly Membership Meeting**

at the Lake Gaston Baptist Church: 2378 Eaton Ferry Road, Littleton

Coffee Meet & Greet with R. Josh Simpson, LKG Reservoir Program Manager, and another representative from Dominion Energy who will discuss the Roanoke Rapids & Gaston Hydropower Project American Eel Working Group

This meeting is open to the public and Lake Gaston Association membership is not required.

For more information, please email us at [execdir@lgancva.com](mailto:execdir@lgancva.com) or call (252) 586-6577.

## ***Lake Environment Committee...***

### **LKG Aquatic Vegetation Survey Project Summary for 2024**

The following is a summary of the 2024 LKG Volunteer Aquatic Vegetation Survey Project conducted by the LGA in support of the LGWCC.

Participants: LGA Volunteers, LEC Survey Quadrant Coordinators, NCSU staff

Date: August 15 - October 31, 2024

From August 15, 2024, through October 31, 2024, LGA volunteers, NCSU Staff and LEC personnel conducted an aquatic vegetation survey of the Lake Gaston shoreline. This involves surveying approximately 350 miles shoreline by power boat, jet ski, or kayak/canoe. Additional equipment used to conduct the survey included:

- double sided rake attached to 20ft of rope
- handheld electronic tablet with MDC software
- aquatic vegetation identification booklet

The shoreline was broken into 100+ sections of 2-3 miles each. Rake toss samples were taken at 200+/- foot intervals and the results of invasive, noxious, and native vegetation was captured on handheld tablets using the MDC (GPS) software. The sampling data was uploaded to the "cloud" and will be assessed and analyzed by NCSU to model the results of the "state of aquatic vegetation" across Lake Gaston. This information will be used by NCSU and the TAG to identify annual aquatic vegetation management and treatment options for 2025. The LGWCC, in turn, makes the final decisions on the LKG 2025 aquatic vegetation management and treatment actions.

Approximately 120 LGA volunteers along with NCSU staff participated during the 75-day survey period. NCSU provided technical and management support for the

planning and execution of the survey. The Lake was divided into 4 quadrants (Northwest, Northeast, Southeast and Southwest) to streamline the management of volunteers and equipment assignment. Typically, teams of 2-3 volunteers spent approximately 4 hours per survey section (100 sections of lake shoreline) on the water conducting the survey. In some cases, specific teams surveyed multiple sections. In addition, pre/post survey actions, such as training and other logistics activities added approximately 1 hour of time for each section. There were five Survey Quadrant Coordinators (1 each NW, SE, SW and 2 each NE due to size) that managed and assisted volunteers in conducting the survey. Each quadrant coordinator spent approximately 25 hours conducting survey support. NCSU staff also conducted surveys of portions of the lake shoreline as needed.

The table on the following page outlines the volunteer work hours executed and the approximate value of support for the project.

Group	# of personnel per survey section	# of Survey Sections	Survey hrs per section	Pre/Post hrs per section	Total hrs	Value
LGA Survey Volunteers	2 (average)	~100	~4	~1	900 (2*100*4hrs) + (100*1hr)	\$28,476
LGA Survey Quadrant Coordinators	-	-	-	-	125 (5*25hrs)	\$3,955
<b>Totals</b>	-	-	-	-	<b>1,125</b>	<b>\$32,431</b>

LGA Volunteer hours value was calculated at \$31.64/hour (per Independent Sector data at <https://independentsector.org/resource/value-of-volunteer-time>).

## **Who is the Lake Gaston Stakeholders' Board, and what is their future?**

An organization that the LGA participates in as a member is the Pete Deschenes Lake Gaston Stakeholders' Board (LGSB). This group was established in 2005 for the purpose of refining and improving the decision-making of vegetation management on Lake Gaston. At the time, recreation and tournament fishing organizations voiced concerns about how the Lake Gaston Weed Control Council (LGWCC) was managing invasive vegetation. More specifically, the elimination of hydrilla and its detriment to the lake ecology and fishery. They wanted their members to have a say in the management process.

During the formation of the board, 13 local organizations and 9 state, federal, and other non-local groups participated. A long-term action plan, "Managing Aquatic Plants in Lake Gaston," was developed and revised over the next several years. Concerns regarding funding, stocking Grass Carp, vegetation surveys, expansion of native vegetation, communication with the public, and establishment of a Technical Advisory Group (TAG) were acted upon.

In 2005, surveys indicated that hydrilla was present on 3,500 acres of Lake Gaston. By 2015 surveys indicated hydrilla was coming under control, but the acres of lyngbya, a blue-green algae (or cyanobacteria) were increasing. As hydrilla entered a "maintenance mode," focus turned to the management of lyngbya, which increased in its coverage of Lake Gaston to 1,330 acres by 2023.

TAG has continued to report annually to the LGSB, making recommendations for vegetation management, which the stakeholders pass on to the LGWCC. Attendance at LGSB meetings has diminished over time, particularly during the Covid period (2020-2022).

The LGSB has provided a valuable service by bringing diverse groups together, addressing concerns, focusing resources, and acting on a critical issue impacting the health of Lake Gaston.

What is the future of this group? Does the Stakeholders' Board wish to disband, continue as is, or reinvent itself with a new focus or purpose? This will be the topic of discussion at the March 11<sup>th</sup> Lake Gaston Stakeholders' Board Forum.

### **Tuesday, March 11, 2025, 9:00 a.m. Lake Gaston Stakeholders' Board Forum**

**at the Lake Gaston Lions Club, 139 Stanley Rd, Henrico, NC 27842**

**The LGA and Lake Gaston Weed Control Council will host the  
Pete Deschenes Lake Gaston Stakeholders Board  
Coffee, snacks, and lunch provided for attendees**

**This meeting is open to the public and LGA membership is not required.  
For more information, please email us at [execdir@lgancva.com](mailto:execdir@lgancva.com) or call (252) 586-6577.**

# Membership & Volunteer Engagement Committee...

Happy New Year!

Here's a gentle reminder.....

If you haven't paid your 2025 membership dues, please do so.

We begin a new year with changes in our committee structure for the first time in many years. It's all good and reflects a realistic realignment of what we do and how we do it, to support our membership and this organization.

What was once M&M is now Membership and Volunteer Engagement. I remain the Chairperson. Why you might ask? We believe there is an opportunity to engage, retain, and grow our membership numbers. However, our 10% annual attrition rate means we never get ahead. We feel if we engage our membership there might be interest in ongoing support besides paying dues.

Be on the lookout for more group activities to support ensuring a clean and safe Lake Gaston area. Our first one in 2025 will be the second DOT Roadside Clean-up on Saturday, January 11. If you recall, the LGA has adopted a stretch of Eaton Ferry Road between Food Lion and WatersView Restaurant. After we do our good deed, there just might be some chili and hot chocolate for participants at Gus's Diner. We will soon be posting an electronic sign-up sheet so you can volunteer.

There will be more work and play activities coming. Please help us retain and grow the LGA membership. Thanks for reading and your support.

**Brian Goldsworthy**

**Membership & Volunteer Engagement Chair**

LGA Lifetime Member since 2015

### **Be safe this Winter Season**

We have had mild winters the past few years but let's not forget how to be prepared and be safe. Here are a few reminders for you.

First, be aware of the weather by paying attention to weather reports and warnings of freezing weather and winter storms. Listen for emergency information and alerts. The Emergency Alert System (EAS) and National Oceanic and Atmospheric Administration (NOAA) Weather Radio also provide emergency alerts.

When bad winter weather hits:

- Stay off the roads, if at all possible. If trapped in your car, then stay inside.
- Limit your time outside. If you need to go outside, wear layers of warm clothing. Watch for signs of frostbite and hypothermia.
- Reduce the risk of a heart attack by avoiding overexertion when shoveling snow and walking in the snow.
- Watch for ice on driveways, steps, sidewalks, and when driving on bridges and roadways.

Supplies for Your Vehicle:

Flashlight with extra batteries and extra bulbs, maps, first aid kit and manual, bottled water, non-perishable foods (such as granola bars), blanket, hat, mittens, windshield scraper, florescent distress flag, shovel, sand, tire repair kit, jumper cables, flares, and keep a full tank of gas.

If you lose power in your home, avoid carbon monoxide poisoning by only using generators and grills outdoors and away from windows. Never heat your home with a gas stovetop or oven. Ensure your carbon monoxide detector is working.

**Pat Price**  
**Northampton County Director**

## ***From the desk of the Executive Director...***

When you review the proposed 2025 budget on the next page, you might wonder about the line item for the expense labeled "Executive Director fees - \$20,000." Many people might not know that the Executive Director is the only paid position within the LGA organization.

The following job description is taken directly from the LGA Bylaws:

“An Executive Director position is established to provide continuity of effort for the organization. This is a paid position and reports directly to the President. The Executive Director is responsible for the smooth and efficient operations of the LGA. Duties include but are not limited to maintaining all files and records of the organization, answering routine email and telephone inquiries -- or redirecting them to the appropriate Director, advising the Board on policies and procedures, and carrying out other duties as assigned. The Executive Director is expected to be knowledgeable about all LGA programs, priorities, functions, and issues. The Executive Director serves as a non-voting advisory member of the Executive Committee and as an informational resource to all Directors.”

In addition to these duties, the Executive Director also attends all monthly Board and Membership meetings, as well as any Committee meetings that have upcoming events. Assembling and sending out this quarterly bulletin and the “Splash of News” newsletter is also part of the job. Some weeks are busier than others, but it averages out to about 20 hours of work per week. If you ever have any questions about Lake Gaston or the LGA, please do not hesitate to call or email me and I will do my best to help!

**Tammy Clarke**

## ***What the LGA does for our members...***

We identify lake issues affecting our members and pursue a resolution with the responsible organization(s).

### ***We do this by...***

- ▶ working to **conserve our lake's natural resources while protecting your recreational enjoyment** by monitoring and controlling pollution, sedimentation, and invasive species, supporting research and best management practices that maintain Lake Gaston's water quality for all users.
- ▶ **engaging** with our **local governments** to inform and influence decision-making in your best interest.
- ▶ supporting and **promoting safety** in our communities and on the water to encourage a safe environment.
- ▶ **advocating** and encouraging a clean, healthy, and **desirable lifestyle** along the roadsides and shorelines of beautiful Lake Gaston.
- ▶ **informing** and communicating on **Lake Gaston issues** via email advisories and quarterly Bulletins, emergency, weather, and water level alerts, open-door monthly meetings, website, social media, press releases, radio broadcasts, and public forums.

We accomplish this by building relationships and coordinating efforts with Dominion Energy, the Lake Gaston Weed Control Council, North Carolina and Virginia Wildlife Agencies, North Carolina State University, local Law Enforcement and Emergency Management, the Chamber of Commerce, the Lake Gaston Water Safety Council, LKG 911 Community Task Force, and many others.
