President's Corner

As the New Year begins, I hope this bulletin finds you all healthy and well. The LGA is continuing with planning for the coming year. Some of our activities may be modified or possibly postponed as we see how the pandemic unfolds. Our first priority is to protect the health of our members, volunteers, and the community.

The Board of Directors and committees have been meeting and conducting business remotely via Zoom. In December, we experimented with a trial run of opening the Zoom Board meetings up to the public. That went well enough that we are opening all the monthly Board meetings to the public via Zoom. As in the past, we will have a speaker on a topic of interest each month as part of the meeting. Watch your email for meeting announcements and links to participate in the virtual meetings.

One area we could use some volunteer help is with keeping our member up to speed on local government activities. It is even easier these days as all local Boards of Supervisors or Commissioners are usually streamed online. Just make a few notes of important announcements or decisions made and we can forward them to the members in that county. The Board usually meets once or twice a month and you wouldn't have to cover them all. It is nothing formal or detailed, just enough to keep our members informed. Let us know if you would consider helping perform this valuable service for our members.

In time we will be able to, once again, meet together in face-to-face meetings. For now, we'll just have to adapt and adjust. Please stay safe and protect yourself and your fellow neighbors.

Don

***Lake Gaston –
Special Place, Incredible People!***

Via Zoom - February 3, 2021 - LGA monthly meeting**(Check our website for meeting details closer to February 3)**

Topic: New leader at the Chamber & this will be an opportunity to meet Leanne & learn about her ideas for the greater Lake Gaston area.

Speaker: Leanne Patrick, President/CEO, Lake Gaston Regional Chamber of Commerce

Also: Got a lake-related issue or concern that the LGA should be working on? There will be time allotted on the agenda to present those concerns to the LGA Board. And, catch up with what the Committees are working on.

The meeting is open to the public, members and non-members alike so gather up your neighbors and come join the LGA for an informative meeting. For more information contact info@lakegastonassoc.com or call (252) 586-6577 or toll free 1-888-586-6577.

Local schools are predominately using remote learning programs

Since the virus is worse than before local schools are still relying on remote learning programs and our educational activities are still on hold. Obviously, we do not want to put our members at risk to hold any educational activities before it is safe to do so.

There are some community organizations that have conducted book drives for individual schools in their community and this may be a means for LGA members to support schools should they be so inclined. Education Committee meetings continue to be canceled.

Stay healthy!

SUSPENDED - Monthly Education Committee meetings are held the third Tuesday of the month at 8:30 a.m. at the Littleton Food & Spirits, 235 N. Mosby Ave., (Hwy 903), Littleton, NC 27850. We welcome your participation at these meetings even if it is to learn more about our programs.

Contact them at Education@LakeGastonAssoc.com.

Membership Renewals

By this time we expect our members to have renewed their membership for the new year. If you have not done so, please do so, as it helps us to plan for our 2021 projects.

Interestingly, COVID-19 has not slowed down real estate sales in the lake area with prices increasing considerably. In addition, business development seems to be on the rise. All the more reasons to keep informed through your Lake Gaston Association Membership.

Want to learn more?

SUSPENDED - Monthly Marketing & Membership Committee meetings are held the third Thursday of the month at 8:30 a.m. at the Littleton Food & Spirits, 235 N. Mosby Ave., (Hwy 903), Littleton, NC 27850. Please join us. We are a small group and would appreciate your input.

Contact them at MarketingMembership@LakeGastonAssoc.com

LGA Dues Discount:

Sponsor a friend or neighbor and they will get a \$5.00 discount off of their 2020 membership dues and you the same during the next renewal period.

Want more information?

Contact Moira Underwood, Executive Director at 252-586-6577.

Chateau project ...

The Government Relations committee is in the process of collecting information on the Chateau project. We will share this with members as it becomes available.

We plan on opening more committee meetings to members in the future. It does not look like we will be doing face to face meetings until Spring.

VIA ZOOM - Monthly Government Relations Committee meetings are held the third Tuesday of the month at 9:30 a.m. at the Littleton Food & Spirits, 235 N. Mosby Ave., (Hwy 903), Littleton, NC 27850. Come by, have a ham biscuit and cup of coffee and join us for an hour. Everyone is invited to participate.

Contact them at GovernmentRelations@LakeGastonAssoc.com.

2020 Fall Vegetation Survey results

Over 60 LGA volunteers participated this past fall to survey the entire 350 miles of Lake Gaston shoreline. This was a tremendous effort and “hats off” to all those who participated.

Approximately 6,000 sample points were taken. Jessica Baumann, Extension Associate for Lake Gaston with NC State University’s Aquatic Plant Management Program has analyzed this data and results from their biosonics work to generate a report which will become available early March.

Water willow continues to be the greatest component of emergent vegetation. A small population of Hydrilla is still located throughout the lake, but sites in very shallow water, small and patchy. Lyngbya continues to be a concern with some areas showing expansion.

These results and other research are shared with the Technical Advisory Group or TAG and the Stakeholders Group. The TAG will be making recommendations for integrated management such as Grass Carp stocking, revegetation with natives, and Aquatic Herbicide treatments to the Lake Gaston Weed Control Council (LGWCC).

Members of the LGA Lake Environment Committee have been active participants in this management process and our LGA volunteers are recognized!

Thanks again to all, too numerous to mention, who contributed to this effort. You are helping keep our lake environment healthy!

Jessica Baumann’s Aquatic Management Update this April 7th

The Lake Gaston Extension Associate, Jessica Baumann, will provide the LGA an update on Aquatic Management at our April 7th Board Meeting via ZOOM. This is always an informative presentation and provides our members an opportunity to hear the latest on how our volunteer efforts contribute to overall health of Lake Gaston.

Other Lake Committee Activities

Plans are underway to continue providing LGA volunteers with E.coli water test equipment. Over 100 test kits were distributed in 2020.

We participated with the NC Wildlife Commission in conducting a survey of the vegetation exclosures or cages for plant growth and needed upkeep last fall. Several cages are in need of repair. We will develop plans to do this work later this summer. This is another great opportunity for volunteers to contribute to improving our lake environment.

VIA ZOOM - Monthly Lake Environment meetings are held the third Wednesday of the month at 8:30 a.m. at the Kitchen Table Café, 4111 Gasburg Road, Gasburg, VA 23857 (across from Dollar General). Everyone is invited to participate.

Contact them at Environment@LakeGastonAssoc.com

Weed Control questions ...

Do the property owners in your subdivision have questions about weed control?

Feel free to contact Jeff Zimmer our Lake Environment chair at

jzimmer2216@gmail.com .

Let's talk Trash

There certainly is enough of it around the roads at the lake. It is a good time on a nice day when you want some fresh air and some exercise to dress warmly and take your "picker-upper" and safely pick up some trash along the roads near you. Maybe you are already doing this....if so, we thank you. The litter is easier to see right now since all the grass and weeds along the roads are dormant.

The Lake Clean-Up Committee will be meeting soon to discuss what we can do this Spring according to COVID-19 regulations. Hopefully by our next bulletin, we can let you know what our project will be. Until that time, please stay safe.

SUSPENDED - Monthly Lake Clean-Up Committee meetings are held the last Wednesday of the month at 10:30 a.m. at the Littleton Food & Spirits, 235 N. Mosby Ave., (Hwy 903), Littleton, NC 27850. Everyone is invited to participate.

Contact them at LakeCleanup@LakeGastonAssoc.com

Tough and challenging times

I felt really good on January 2 that I could lower my boat into the water and enjoy a cruise on my pontoon boat. I have a former work colleague who lives in London. The pandemic restricts folks in the UK who can't even visit boat yards. At least we still have that option.

If you are still boating on Lake Gaston, enjoy the opportunity and savor what it's like to be in the USA. It's great to be living at Lake Gaston.

Having said that, the water temperature is in the 40's. Now is not the time to have an unplanned fall into the lake as I did a couple of months ago.

This from Sea Tow: – Did you know that your chances of dying from going overboard are five times greater in winter months than in the summer? [The Sea Tow Foundation](#) – a national nonprofit organization dedicated to the education and awareness of safe boating practices – is reminding boaters of the importance of boating safely in cold weather.

This safety information is especially important for hunters, paddlers and all other recreational boaters in areas where the water and/or air temperature is colder during the winter months.

One of the most pertinent cold weather requirements is to wear a life jacket. This is in response to the abnormally high number of accidents and deaths that have occurred as a result of cold water immersion. A human's body temperature drops 25 times faster when immersed in cold water (water that is 50 degrees or cooler), ultimately affecting internal organs and leading to hypothermia.

Children and older persons are most vulnerable to hypothermia. A total of five northern states have laws that require life jackets be worn by boaters during cold weather months, but water and air temperatures can become cold even in southern states.

"Many people don't realize the dangers that can come from boating during colder months," said Gail R. Kulp, Sea Tow Foundation's executive director. "Even the best swimmer would have difficulty if immersed in cold water due to the effects it has on our bodies. The Sea Tow Foundation is committed to boating safety and encourages all boaters and passengers to wear a life jacket, especially during the colder months. Life jackets save lives, but only if they are worn."

Please be careful out there.

**Brian Goldsworthy, President
Lake Gaston Water Safety Council**

Staying current with Lake Gaston's water level

Whether you are full or part-time at the lake we recommend that you have the following link to Dominion's website as a 'favorite' on your computer or hand-held gizmo. Rest assured we will still send you water level alerts from Dominion when they occur but if you want to know on any given day what the water level is, then click on the link - <https://www.dominionenergy.com/community/lakes-and-recreation/lake-gaston-water-levels>

Be Prepared! A message from the Public Safety Committee

Congratulations to a growing number of full time residents and part timers that have invested into their Property Owner Associations and personal property and have had alarm systems and cameras installed at their properties which may have something to do with fewer recent burglaries. More subdivisions have installed cameras in strategic locations around their entryways which also helps to send the message to would be thieves that some other location may be easier. There are many actions which contribute to lowering crime but the least costly is taking precautionary action.

The winter season is starting to turn towards more seriously cold and inclement weather. So far this winter season we have been able to observe the bad storms on television from elsewhere in the country. But the icy, snowy weather is still likely to hit home soon and there is the potential for high wind and wet weather which also can cause damage and injuries. Get ready early this week by getting the salt for deicing before the storm occurs, secure loose items on decks and docks, and put an extra case of water in the garage.

One of the safety issues for the elderly and those with pre-existing conditions this season is the continuing threat of COVID-19 infection. Thankfully the NC Governor has prioritized those in the 75 + age group. In NC call your County Health Department and get on the recipient list to receive the vaccine at your earliest possible time. The vaccine is well tested and there have been no proven issues with widespread reactions. Protect yourself and your family.

In March with return of Daylight Savings Time, take the time to check/replace batteries in smoke and carbon monoxide detectors. It could save your life and property. If you do not have one or cannot install or check the ones you do have, contact your local firefighters; they would rather help you before you need them in an emergency.

There are new scams created constantly, and you must stay alert and wary of things that sound true at first blush. There is a problem with your Social Security or Medicare or email security or credit card is the way most of the scams work. Never respond to the calls or email or tests with an action that could compromise your privacy and security. You should maintain contact information that you have personal knowledge is accurate. If there is a question use trusted contact information to assure there is no issue with your accounts.

Where permitted by your bank or other financial institutions, health care, and other highly sensitive data systems, use an ID that is not your email account. Upgrade your passwords to at least 12-14 characters (including numbers, uppercase, and special symbols) and don't use as passwords items that could be easily identified in social media. Use a separate/different password for each of your key accounts to prevent someone from getting a common password and email and using them to invade your bank and other personal accounts. You can manage these passwords in Windows or other third party password managers. Set up a two-factor system for key accounts like banks, where you put in your User ID and 14+ character password and then the bank or other systems sends to your phone a text message with a six-digit number at random as a challenge code to verify your ID.

VIA ZOOM - Monthly Public Safety Committee meetings are going to be held again soon the second Friday of the month at 8:30 a.m. at the Littleton Food and Spirits 235 N. Mosby Ave., (Hwy 903), Littleton, NC 27850. Everyone is invited to participate to give us fresh ideas and viewpoints. But not yet.

Contact us at Safety@LakeGastonAssoc.com

Wear Your Life Jacket! They Float, People Don't!

Lake Gaston Lost & Found items ...

If you have **lost any property or found any property** that may have floated away like a canoe/kayak, jet ski, boat, paddle board etc. call/email the LGA office at 1-800-586-6577 or (252) 586-6577 or info@lakegastonassoc.com and let us know, describe each item(s) and give us contact information for you. Lost & Found items would be listed in this section of our bi-monthly bulletins but rest assured we would not list your contact information.

From the Desk of the Executive Director

What a year 2020 turned out to be for me ... on January 29th I fell and broke my right arm in two places. My first ever experience in breaking a bone let alone breaking two bones at the same time. Just before my right arm meets the start of my hand, I had clean breaks of the Ulna and the Radius. Luck was with me that I didn't need surgery.

I left the hospital with a cast to keep my two bones in line until I saw the doctor the next morning. As the bones were in line, I was fitted with a removable cast that would keep the two bones from moving. I could take the cast off for showering but had to put it back on soonest. I asked if I could still type with my right hand (my dominant hand) but I was immediately told "absolutely not" that could cause the two bones to shift.

The worst was yet to come ... I was not allowed to drive until the two bones had healed. "What?," I said. I was very lucky that I had friends and neighbors that offered to take me to the weekly doctor visits and supermarkets. It was April 9th when I was let loose – my two broken bones were mended and I could drive my car again, and use my right hand to write with.

However, my right hand fingers needed attention because the joints looked like pyramid peaks. I started going to physical therapy as well as doing my hand therapy at home. I was told it could be a good year before they would straighten out. I play the piano and it took a while to get the pinky finger on my right hand to flex enough to reach an octave. I play often and my right hand is doing well.

I'm still doing 16 exercises with my right hand early in the morning before breakfast, and repeat those exercises in the evening every day. My goal is to have those knuckles flat so I can put on my favorite ring on my fourth finger - it will only get to the start of the knuckle at this time.

Last year after the fall I learned to type with my left hand and it also covered for the right hand fingers as well. I learned to write with the left hand too, didn't look too bad either, if I do say so myself.

I was able to keep my LGA work going. My busiest time of the year is always getting the renewal notices together in September and having C-Line Graphics print and mail them. We had 2,003 members who were paid thru 2020. Reminders, 270, were mailed the second week of January. Thank you so much for everybody who renewed for 2021 and beyond.

One of my favorite projects is helping John 3:16 with their annual Toy Drive - the project comes under the LGA's Marketing & Membership Committee. We had nine LGA business members having a toy box at their location. Periodically we would check the boxes and take the overflow to John 3:16. Besides toys in the boxes there were clothes & shoes too. The John 3:16 Center was able to distribute Christmas gifts for more than 232 children, their most yet.

As for COVID-19, unfortunately it is still with us. As you will have read in Don's article in the President's Corner we will be doing more Zoom meetings for both our monthly first Wednesday of the month Board meetings, and our Committee meetings. We have a speaker lined up for Wednesday, February 3rd, Leanne Patrick, CEO/President, Lake Gaston Regional Chamber of Commerce. See advertisement on page 2.

We do hope you will join us on February 3 for our first of many Zoom meetings on the first Wednesday of every month. An email will go out to our members a couple of days before the meeting date that will give you the link to use on the day of the meeting. Just click on the link and follow the prompts to join the meeting.

Moir

Wanted!

What does it take to be a Director?

- You are welcome to sit in on any of our committee meetings and decide what is best for you – look for the committee meeting grid in the Bulletin for when they meet.
- Join us the first Wednesday of each month for the LGA monthly meeting at 9:30 a.m. (Lake Gaston Baptist Church, across from Subway), to see what is being done and what can be done.

2021 PUBLIC EDUCATION BOATING SAFETY CLASS

- . March 13
- . April 10
- . May 15
- . June 19
- . July 24
- . August 28
- . September 11
- . October 2

Course Fee \$30 includes book and all materials

Location: Longbridge VFD 1678 Eaton Ferry Road Littleton, NC 27850

LAKE GASTON

Courses are taught by certified instructors from the USCG Auxiliary Lake Gaston Flotilla. Classes are 8:00am to 5:00pm, (arrive at 7:45am to sign in) with the exam given at the end of class. Please bring your lunch. **Free Coffee and muffins available.** Bottled water, sodas, chips, snacks can be purchased for \$1.00.

North Carolina's Covid-19 restrictions will be adhered to IAW Governor Cooper orders if appropriate. Class size may be limited.

For additional information, email us at uscgauxflotilla93@gmail.com or phone 252-537-9877.

Mailing Address: P.O. Box 306 Henrico, NC 27842

America's Boating Course is an eight-hour course covering the basics of boating and is appropriate for youth as well as the adult boater. Successful completion of this course satisfies the education requirement to operate a boat in ANY STATE and for youth to operate a PWC in both Virginia and North Carolina.

Virginia Law : All Virginia boaters in the waters must have proof of taking a Boating Course.

North Carolina Law: Requires that all PWC and Motor Boat Operators born after 1 Jan 1988 will have proof of completing a Boating Course, if they are operating a vessel with a 10 HP engine or greater.

On-line courses & Classroom by NC Wildlife & VADGIF:

For North Carolina Boating Safety course options go to

<http://www.ncwildlife.org/Boating/Marina-Resources/Boating-Education-Courses>

For Virginia Boating Safety course options go to

www.dgif.virginia.gov/boating/education/requirement/steps-to-requirement.asp

Free Vessel Safety Check

Flotilla 93 will perform a free Vessel Safety Check on your boat at your home. The boat can be in the boatlift or on a trailer and does not need to be running. They will also provide a Vessel Examiner at your Home Owners Association Meeting to inspect boats after your business meeting. Call John Dyckman at (252) 537-9877.

Who's the right contact for lake levels, operations, Shoreline Management, Wildlife Officers etc.

We have received the following information from Dominion Energy for you to use ...

For questions/comments related to lake levels and operations, please send an email to lakeinfo@dominionenergy.com.

A couple of items related to the account ...

1. As would be expected, this is not to be used for emergencies.
2. The account will be checked at least weekly and emails will be forwarded to the proper person for reply.
3. For questions related to Shoreline Management such as docks, riprap or the mileage buoys, please continue to call Will Miller, the Reservoir Program Manager, at 252-535-6894
4. For issues related to boating safety and regulations:

In **North Carolina**, WRC enforcement officers are the point of contact. If there is an urgent concern about safety or violations, please call the enforcement hotline at 800-662-7137 and the dispatch center will contact the nearest officer on duty. General complaints should probably be directed to Col. Jon Evans at 919-707-0036.

In **Virginia**, VA Conservation Police Officers (CPO's) enforce boating safety laws. Violations in progress should be reported to the Wildlife Crime Line at 1-800-237-5712 or WildCrime@dgif.virginia.gov.

General complaints can be directed to the main line at 804-367-1000 or <https://www.dgif.virginia.gov/contact/>.

Mile marker buoys & danger buoys

If you notice a mile marker buoy that is damaged, light is out, is missing from its mooring, has washed up on the shore, etc., please contact Dominion Energy at (252) 535-6161 Ext. 4. Similarly, if you notice a danger or no wake buoy damaged, missing, etc. please contact the LGA at info@lakegastonassoc.com or (252) 586-6577 or 1-888-586-6577 and we will report it to the NC Wildlife Resource Commission or VA Department of Game and Inland Fisheries.

Buoys placed in Lake Gaston need state & federal approval

Dominion Energy as well as the Virginia Department of Game & Inland Fisheries and North Carolina Wildlife Resources Commission have received complaints concerning buoys being placed in the lake to deter boats near boat docks.

Both Virginia Department of Game & Inland Fisheries and North Carolina Wildlife Resources Commission, as well as Dominion, do not allow buoys to be placed in the lake without state and federal approval. Any buoys placed in the lake will be considered an obstruction to navigation and will be required to be removed.

Need a Children's Loaner Life Jacket?

The PERFECT solution when guests show up and you don't have children's life jackets of the correct size for all of them. The Lake Gaston Water Safety Council's FREE loaner program makes children's sizes available at the following locations:

Bracey, VA

Holly Grove Marina - (434) 636-3455
Americamps - (434) 636-2668

Gasburg, VA

The Club - (434) 577-2935

Henrico, NC

Washburn's Marina - (252) 537-1335
Sherwood Forest - (252) 537-2526

Littleton, NC

Morningstar Marina - (252) 586-4661
Thousand Trails/Outdoor World - (252) 586-4121
Stonehouse Timber Lodge - (252) 586-3012
